SPRINGFIELD, MASS., Oct. 3.—An explosion in the Hoosac tunnel this morning killed Michael Cunningham and badly injured Stephen McCarthy, and hurt several others from New York.

John G. Thompson has sued General Sigel for recovery of six thousand dollars for writing up a war record. Sigel denies the indebtedness.

James Dugan, who arrived here yesterday from Sydney, Cape Breton, reports that on the 19th of Sept., the schooner Lancaster on which he was a passenger, fell in with a foundered vessel, on which were found a skeleton, crushed in by falling rigging, also five other skeletons, four of which appeared to have been of recent death than the other two. Inquiry seemed to show that all on board perished from hunger. The bowsprit bore the name of Glendon. Two decomposed corpses were found in the forecastle; the Captain's corpse was found in the state room, making nine found altogether. The papers found on board were to be given to the authorities at Sydney, with the view to learning the history of the Glendon.

CHICAGO, Oct. 4.—A proposition of the employing brick layers to reduce wages was last night met by a demand from the brick layers for four dollars for eight hours work and fifty cents per hour for extra work. One thousand men obtained their demands this morning and four thousand are on a strike. Work is suspended on the Michigan Southern Depot and Pacific Hotel.

NEW YORK, Oct. 4.—At one o'clock this morning a silk foundry in Paterson, and by five o'clock only the walls were left standing, it is not known why the fire was allowed to gain such headway. The total loss is estimated at \$150,000; loss on foundry was \$110,000, and on silk mill \$40,000; the latter was insured for \$30,000, the insurance on the foundry was unknown. Another account states the total loss at \$400,000, but it is believed this is an exaggeration. Origin of the fire is unknown.

NEW ORLEANS, Oct. 4.—A San Antonio special reports that a party of Texans was followed by a band of Mexican cattle thieves into Mexico, who attacked them at Newton. WASHINGTON.

Letter from Gen. Grant.

WASHINGTON, Oct. 4.—Gen. Grant has addressed a letter to the manufacturers of Philadelphia in reply to an invitation to visit their establishments, saying he can not at present, but will at a later date when the excitement of the political campaign has passed. He will take great pleasure in making the visit. He closes as follows: "I feel a very great interest in the success of the manufacturing interests of the country and their development, looking at their growth as necessary to the solvency of the nation by keeping down the balance of trade against us and in dignifying labor and making it remunerative. You have my best wishes for the success of your respective interests, and the interests of all manufacturers and producers the land over, until our productions by home labor for export exclusion of premiums to pay equal our imports, and exceed them." The conscience found has received two thousand dollars from a person in Hamburg.

The watchmen employed by the Government do not come within the eight hour law.

The State Department has no official advice about the San Juan boundary.

The Secretary of State, Secretary of War and Postmaster General, were the only ones present at the Cabinet meeting to-day, in which the regular routine of business was transacted.

The Star says the total amount of legal tender outstanding amounts to three hundred and fifty-six million dollars, the law authorizes the issue of four hundred millions, thus leaving forty four millions of reserve in the treasury, which the secretary may issue at his discretion. It will thus be seen that the secretary is not at the mercy of the New York stock jobbers as might be supposed from the small currency balance which appears in the daily cash statement. The secretary does not anticipate an emergency which will render it necessary for him to draw on this reserve, but should one arise, he will do so to the fullest extent necessary.

POLITICAL.

CINCINNATI, Oct. 4.—Senator Wilson was introduced on "Change to-day by the President of the Covington Chamber of Commerce, and was received with great enthusiasm, the announcement of his presence being followed by prolonged applause. He spoke briefly, entirely ignoring politics, and congratulating the merchants on the prosperity of Cincinnati and of the State, through which he had recently traveled, everywhere seeing evidences of progress. At the conclusion of his speech he was presented to a large number of the members of the Chamber of Commerce and was finally in company of the President of the Industrial Exposition and the President of the Chamber of Commerce, escorted to the Exposition Hall.

THE OCTOBER ELECTION.

The Latest Word From Ohio, Pennsylvania and Indiana—The Excitement of the Increase—The Probable Result.

Special Correspondence of the Chronicle.

MASSILLON, O., Oct. 1, 1872.

The political excitement in the three largest States to vote next Tuesday is on the increase. Knowing that the interest felt in the result prevails in Tennessee as well as throughout the North, I thought a few words as to the present situation would be welcome.

As the day for the voting approaches, the people are waking up, especially in Indiana and Pennsylvania, where the excitement is intense.

In Ohio until within the past week, there has been less interest felt in the campaign than ever before in a Presidential contest. Republicans felt so confident of success that they did not think much work necessary. But now the people are stirred up, meetings are more frequent and largely attended and the camp fires are everywhere burning brighter. This confidence in the general result has not been confined to Ohio by any means. The election of Horace Greeley has seemed so much an impossibility to so many intelligent people that there has really been less canvassing and fewer meetings, outside of the few close States, than usual in the year of a Presidential election. Thus I have been informed by those in position to know that there has been far less money expended by the National Republican Committee in this year, than in 1868. Speaker Blaine in a speech at Cleveland, yesterday in reply to the New York Tribune's infamous and weak attack upon him, said that the total amount really expended for speakers' documents, etc., in the last canvass in Maine by the state committee was but \$12,000. Greeley in his speeches weeks before the election, charged that over \$60,000 had already been corruptly paid out. I mention these facts, simply to show that the Republicans are extremely confident—perhaps over-confident as to the final result, and also as an answer to the silly charges so frequently made that they were flooding the country with money to carry Grant and Wilson through.

OHIO.

First in the review of the States as to the present situation, let me take Ohio, about which I know more from actual observation than of others. I stated in a former letter that if there was any doubt about Ohio it grew out of an over-confidence of her Republicans. For the past ten days there has been more interest shown in the canvass and now the people are worked up enough to make certain the average majority next Tuesday. The meetings have been well attended and something of the old spirit of Ohio Republicans is awakened. The Greeleyites have made the Liberal Republicans do about all their talking and furnish all their money. They have three rich Liberal Republicans as candidates for Congress in the 10th, in the 17th and in the Cleveland districts. These fellows have been bled profusely and have furnished the "sinecure of war" for the State. They have paid out over \$10,000 each for excursion trains, newspaper offices and presses, &c. By these means the Democrats expect to make a strong showing on the 8th inst. They expect to poll their own full vote and in addition their Liberal recruits, which amount, as they claim, to 20,000 voters. I think that the election will show that even with all this strength they will come out far behind on the count of ballots. Our friends claim they will hold their own in their Congressional districts, and have strong hopes of defeating Morgan and in redeeming Schenck's old third district. I think our friends may look out for a good report from the old Buckeye State. Has-aurek's open and shameless sale to the Greeleyites, based upon his claim to own the German vote has hurt the Greeley movement and helped us wonderfully with the Germans. Ohio is sure for the Republican ticket.

PENNSYLVANIA.

You have heard a great deal about the Democratic triumph to be won in the Keystone State next week. Well, if it should prove a victory for Buckalew, Pennsylvania Republicans are the worst deceived men I ever met. Notwithstanding a most unbecoming defection in her Republican ranks, notwithstanding the fact that Hartman has been most unjustly accused and helped us wonderfully with the Germans. Ohio is sure for the Republican ticket.

You have heard a great deal about the Democratic triumph to be won in the Keystone State next week. Well, if it should prove a victory for Buckalew, Pennsylvania Republicans are the worst deceived men I ever met. Notwithstanding a most unbecoming defection in her Republican ranks, notwithstanding the fact that Hartman has been most unjustly accused and helped us wonderfully with the Germans. Ohio is sure for the Republican ticket.

Senator Morton writes that the Republican State and Legislative ticket will certainly be elected. It is well known that for the past week a heavy immigration of Democratic voters has been going on into the Southern tier of counties from the old Bourbon Democracy of Kentucky. These voters have gone over in droves and so much encouraged the Democracy that they are again taking hope. On a fair vote Indiana is Republican and if the State Committee can prevent the frauds projected by aid of the Kentucky Bourbons, the State will be Republican

beyond question. Senator Metron has been compelled to cancel all his remaining appointments on account of the serious sickness of his wife. The Republican meetings in the State have been better attended and more enthusiastic than those of the Democracy, and every sign usually relied upon to judge of election results, goes to inspire our friends with confidence. The defeat of Niblack and Voorhes for Congress is predicted upon good grounds. All the signs in the three States named indicate a Republican victory that will fill with joy the hearts of our friends everywhere. These October elections, however, do not fully present the issue between Grant and Greeley. Buckalew in Pennsylvania and Hendricks in Indiana, are old guard Democrats. They will poll their full party vote. Those of their old associates, disgusted with Greeley, will still vote for them and with a united Democracy and a strong Liberal Republican reinforcement, the Democracy will do better in October than in November. This should be born in mind and the two elections not confounded. A Republican defeat in October would simply mean an intensely exciting canvass through October with a final victory in November, whereas a Democratic defeat in October means an utter and final rout. If you feel dull, despondent, drowsy, debilitated, have frequent headache, mouth tastes badly, poor appetite, and tongue coated, you are suffering from torpid liver, or "Biliousness." Nothing will cure you so speedily and permanently as Dr. Pierce's Golden Medical Discovery.

Have It Always on Hand.

Accidents will happen in the best regulated families, and for this reason among many others, the Mustang Liniment should be in place in the cupboard of every household. In all the world there is nothing comparable to it as an application for cuts, contusions, burns, spasms, and when every other preparation that medical ingenuity can suggest, has failed to afford relief in rheumatism, neuralgia, sour throat, glandular swellings, muscular contractions, cramps, toothache, &c., this powerful anti-inflammatory and pain-destroying agent immediately assuages the sufferer's agony and eventually accomplishes a radical cure. Probably there is not a contusion in horse flesh or an amateur horseman in the land who does not know, either from personal observation or reports, that the Mustang Liniment is the supreme remedy for all external diseases and injuries of the horse.
